## SUMMARY

Recent graduate with a strong foundation in computer science principles and a dedication for native iOS app development. Proficient in Swift, SwiftUI and UIKit, by practically implemented several apps during studies and personal projects. Skilled at problem-solving and working in a team environment, demonstrated through my work as a barista where I consistently provided excellent customer service and maintained a positive attitude under pressure. Seeking an entry-level iOS development position where I can apply my skills and continue learning and growing as a developer.

---
